schedule!!

ACCWPA
Air Conditioning Contractors Western Pennsylvania

**HAPPY
HALLOWEEN!**

From the Desk of the ACCWPA President Rob Champe

Over the recent year we have all been busy with our businesses. Whether it was dealing with the Covid pandemic or items related to it. Equipment and employee shortages have hurt everyone not only HVAC contractors. But one thing remains constant and that is your local ACCA Chapter. ACCWPA has been there and will always be there for our local HVAC companies.

The board has been meeting every month since the beginning of the pandemic via ZOOM. We have been planning our return to all in person meetings. We believe that our organization can overcome the issues that Covid has brought to light, and we are ready for the challenge.

That's why we need you! We need more of a commitment and input from all our members to help us develop the needed meeting criteria and information to help you succeed. We ask, what are you dealing with in the day to day that we can all strive to help you overcome? What information or training will help you grow and be even more profitable next year? Do you have a business plan set up for next year? The next 3-5? Questions like that can be answered at one of our meetings.

Our school has been flourishing! I want to thank the contractors who believe in the program and allow us to train and teach their employees all the necessary skills to become a well-rounded service technician/ installer. If wanting to participate in the program apply to be on the board and committee.

We would like to see **ACCWPA** to grow. We would like to help you adjust to the always changing landscape of our industry. Technology changes every day, just like refrigerants. We need to keep our chapter in front of the changes and inform our contractors with up-to-date information as it is released. I have learned a lot of information just in the past 6+ years of meetings and I believe in this chapter.

We also want to focus on the social aspect of ACCWPA we want to get out there and have fun together. We have Wine Nights, Golf Outings, Gun Shoots, Bowling Night. We are also open to new ideas for outings too!

We want to drive more contractors towards our group so in the next year I challenge our members to reach out and invite nonmembers to our meetings and outings.

Benjamin Franklin: "Tell me and I forget, teach me and I may remember, involve me and I learn."

2021-2022 EXECUTIVE BOARD OF DIRECTORS

CONGRAUTLATIONS!

ACCWPA is the Professional Alliance designed exclusively for today's HVAC/R Contractor!

Membership Advantages:

Networking with other contractors. This source of information is invaluable in handling problems within your own company. ACCWPA members help fellow members to be successful!

ACCWPA distributes ACCWPA Newsletters monthly to members and selected non-members, so that all those in the HVAC/R industry can keep informed of issues regarding our trade, and Chapter activities. We hope the non-members will see this newsletter as an example of the quality services that ACCWPA provide.

Contributions or suggestions can be emailed to pforke@accwpa.org
